INSTRUCTIONS TO CANDIDATES:

1. Answer any 2 Questions.
2. Each question carries 25 Marks.
3. Start each question on a new page of your answer sheet.
4. Use relevant examples or case studies in answering your question

1. As a social worker, how would you define "community health" within the context of Zimbabwe's socio-economic landscape, and how does the concept of "Ubuntu" inform your practice
2. As a community health worker, how would you address the impact of health disparities on vulnerable populations in Zimbabwe, such as orphans and vulnerable children (OVCs), the elderly, and people living with HIV/AIDS, and how would you tailor your interventions to their specific needs.
3. Analyze the impact of historical and ongoing socio-political factors on the health of vulnerable populations in Zimbabwe, including those affected by economic hardships and climate-related disasters as a social work practitioner.
4. Discuss the challenges and opportunities associated with addressing mental health needs in Zimbabwe, considering the limited resources and cultural stigma. What role can social workers play in promoting mental health awareness and access to services
