Part 1 Semester 2

ADS 109

Disaster Management

DURATION

3 Hours

26 JULY 2017

INSTRUCTIONS

Answer any **three** questions. Each question carries 25 marks.

Candidates are required to use relevant examples or case studies in answering essay questions.

1. Examine the linkage between disasters and development.
2. Using the sphere standards, show how development practitioners can assist in the recovery of disaster affected communities.
3. 'The adoption of Indigenous Knowledge Systems is just a waste of time and resources in Africa'. React.
4. What assistance can the international community provide in the reconstruction of disaster stricken areas?
5. Critically analyse the importance of good humanitarian donorship in disaster management.
6. How effective is the international humanitarian law in disaster management?
