ADS 110

Climate Change and Development

In Africa

DURATION

3 Hours

DATE

21 JUNE 2017

INSTRUCTIONS

Answer any three questions. Each question carries 25 marks

Candidates are required to use relevant examples or case studies in answering essay questions.

-
1. Using either the Strategic Environmental Management Approach (SEM) or the Neo-Classical approach, show how industrialists have championed environmental Management practices.
 2. How valid is the view that International Environmental Law is selective in its application?
 3. You have just been appointed to be the presiding officer of a special department which deals with environmental state conflicts within the International Court of Justice (ICJ). It so happened that in your early days of your tenure, the Republic of Kazakhstan which borders with China files an application seeking its protection from the rampant degradation caused by some Chinese Textile Companies which is also spreading towards Kazakhstan. What key issues would you indicate when responding to such an application?
 4. How has the Zimbabwean government complimented international efforts on mitigating the changes associated with Climate Change?
 5. As a development practitioner, how would you advise the international community in fostering environmental sustainability principles?
 6. Compare domestic environmental law with international environmental law.
